Newsletter for Members

2007 off to a Great Start

Our board has a really good meeting in February and I can tell you we have a lot of new things in the works for 2007. Stay tuned for the details as our many projects come to fruition.

Better yet, stay after the next general meeting and attend one of our board meetings yourself! Everyone is always welcome. Even better, join one of our committees and take an active role in our the direction of So cal IT Pro. The more you

participate, the more you will get out of our association.

Even if you are too bust to take an active role in one of our committees all members are always welcome to attend the board meeting and make suggestions.

Hope to see you there next meeting!

Planning for our Future

Just a quick little preview of some of the topics we have booked for the coming months (always subject to change of course).

March 8th 2007

Enterprise data Protection Inside the Perimeter by Apani –and- Audio / Video Streaming over IP Networks by MediaPointe.

April 12th 2007

Microsoft: Windows Error Reporting - and - Microsoft TechNet Program Update

Also, a brief review of:

The Microsoft Vista / Office 2007 / Exchange 2007 Launch.

Microsoft Across America / TechNet Events

Roadmap of upcoming product releases.

Letter From the Editor

As mentioned in last month's newsletter, one of the goals our board has set for 2007 is the return of our monthly newsletter for members, which was completely missing for 2006.

It is my goal as editor of this publication to bring valuable information about our association to the membership and even a technical article or two if possible. But I can't write

them all myself.

I'd like to take this time to encourage any member would like to submit such an article on a topic of their expertise by emailing it to

rhudson@socalitpro.org

Also if you aren't up to writing an actual article but do have some useful information you feel our membership might benefit from, please submit that to

the same email address as well.

Sincerely,

Randy Hudson
Editor

February General Meeting

If you were not at the monthly meeting held on February 8th 2007 our meeting topic was "Vista – Without the Fluff" where Ed Roberts did a live demo of Vista running on an older laptop model, not capable of running the Aero desktop of any other "fluff".

The next general meeting is to be held at our usual location on February the

8th 2007 at 6:30pm

Tech Space Building
Cafeteria
65 Enterprise
Aliso Viejo, CA 92656

As usually, pizza and soft drinks will be provided for all attendees. Don't forget to RSVP for the meeting each month so that we can be certain to order an appropriate amount of pizza.

We're on the Web!
