

Southern California IT Professional Association

www.SoCalITPro.org

Dear Prospective Sponsor:

We would like you invite you to be a sponsor and presenter for an upcoming meeting of the Southern California IT Professional Association.

Each presenter has 45 minutes to provide an educational presentation on a topic related to your technology solution. Each presentation should include an executive briefing, case studies, a technical discussion, and a live demonstration. After your presentation the meeting will be open to a question/answer session. In addition to your presentation you may have a table in the foyer at which you may meet with attendees, answer specific questions, conduct one on one or small group discussions and display products and information related to the topic.

The So Cal IT Pro Association members include CIO's, CTO's, MIS Managers, IT Directors, LAN Administrators, Consultants, and IT professionals from all over Southern California including the Inland Empire (Riverside and San Bernardino Counties), and even a few from San Diego. In 2008 & 2009 our average attendance has been 40 to 60 people per meeting, depending on the topics (and of course offering quality door prizes tends to bring in more people.) We are one of the top 5 Microsoft user groups in the nation. Our Chairman, Ed Roberts, is also a Microsoft MVP.

Venue:

Location: Stanbridge College
2041 Business Center Drive
Irvine, CA 92606

Agenda:

6:30 - 7:00 Registration, Refreshments, Open Discussion and Networking, Introduction and Announcements
7:00 - 7:45 Presentations (Sponsor presentation #1)
7:45 - 8:30 Presentations (Sponsor presentation #2)
8:30 - 9:00 Open Forum--Technical Discussions--Problem and Solution sharing--Drawings
9:00 Close of general meeting & start of board meeting

Preparation for the Meeting Presentation:

- The meetings are held in a class-room style space.
- A data projector is available for your use. Internet access available.
- Plan to bring sufficient quantities of handouts or other materials.
- You are highly encouraged to bring prizes for the drawing at the end of the evening

Southern California **IT Professional** Association
